47.3% of the Texas delegation (19 OF 36) received **FAILING** voting scores from the Heritage Foundation. Almost HALF the folks we send to Congress are the problems we have in this nation! **7 are RINO!!** C'mon Texas, we can do a LOT BETTER THAN THIS!!!

We can see above why this nation is in such bad shape. We expect the nonsense from democrats, but republicans must be better. America is turning into a globalist, totalitarian nation thanks to the likes of those above. 70% of Texas is conservative or libertarian ... so why is this not being reflected by who we send to the US Congress?

Average Heritage House Republican Score = 65% FAILURE

Average Heritage Senate Republican Score = 56% FAILURE

Please help us send quality people to Congress. No RINO, NO democrats. Contact: [NewsHawk Network](#)
